

# Howards Hyundai Yeovil

Welcome to Howards Motor Group Hyundai, the premier family owned dealership.

Howards has been supplying new and used vehicles to the UK for over 40 years and Hyundai remains true to our customer focused culture. Established in 1972, our family owned franchise has grown into an industry innovator, trailblazing fresh approaches that tailor automotive packages to suit the customer. It's what we value.

Hyundai Yeovil joined the Howards portfolio in 2011 when it took over the Loders Peugeot and Hyundai business. Since that time we have worked hard to offer the level of service you expect from a Howards business. The dealership has also been totally refurbished and a number of members of new staff have joined the team to maintain our very high standards.

When you arrive, you will find a showroom with the latest new models on display as well as a forecourt area with a selection of pre-owned vehicles. We have a team of dedicated Hyundai sales representatives who are able to look after your enquiry and help guide you to a car that would suit your requirements. Our service department has all the latest manufacturer equipment as well as factory trained technicians who are able to look after your car. We offer a courtesy car service should you wish to keep mobile while your car is with us. We are happy to offer a courtesy pick up and drop off service to town or a local home or work address if you prefer or you can wait in our lounge area where you will find television, wifi access and hot and cold drinks available. Our parts department stock all fast moving lines with rapid access to manufacturer stocked items. We can also offer a range of accessories to personalise your vehicle as well as the latest range of Hyundai clothing.

We look forward to meeting you at the dealership soon.
