

Howards Peugeot Yeovil

Welcome to Howards Motor Group Peugeot, the premier family owned dealership.

We've been here to help steer your automotive decisions since 1972 forever searching for innovative approaches to vehicle retail and maintenance. Our ethos of continuous improvement is reflected in the culture of Peugeot, adapting to your needs for the past 40 years.

Peugeot Yeovil joined the Howards portfolio in 2011 when it was acquired from Loders Motor Group. Since that time the dealership has been totally refurbished and a number of members of staff have joined us to provide a quality level of service that you would expect to find from a Howards dealership.

At the dealership you will find a showroom and forecourt with a large selection of new and pre-owned vehicles with a team of sales representatives on site to look after you. We have a workshop equipped with all the latest factory diagnostic equipment and factory trained technicians capable of looking after your car. Whilst your car is with us, we have a cafe area with hot and cold drinks available as well as free customer wifi, should you wish to work while you wait. We are happy to offer a courtesy pick up and drop off service to town or a local home or work address. We also have a fleet of courtesy cars available which can be reserved for use whilst your car is with us. Our parts department offers all the fast moving lines with rapid access to the manufacturer's network as well as the rest of the Howards parts network. Should you wish to add your own individual touch to your car, we are able to offer all Peugeot Approved Accessories as well as the latest range of clothing.

We hope to meet you at the dealership soon.

New Peugeot Vehicles

At Howards all new Peugeot vehicles come with:

- 3 Years' 60,000 mile Warranty
- 1 Year's AA Roadside Assistance

Used Peugeot Vehicles

Our selection of Peugeot approved and other makes used vehicles are prepared to the highest standards by trained technicians. All cars are available with a genuine servicing history, clean bill of health and no hidden problems so you can buy your new used car in confidence.

Parts & Servicing

At Howards Peugeot we cover all your MOT, servicing and repair needs. All our workshops are fitted with the latest diagnostic equipment to make sure your vehicle is running at peak performance so you can relax when getting your Peugeot serviced with us. We have all the tools required to make sure any work needed can be handled as fast and efficiently as possible. In addition you can trust our technicians as they are highly trained.

We have access to genuine Peugeot parts thanks to our on-site authorised parts department. This means you can relax knowing that if anything needs replacing it will be exactly the same quality as the original.
