

Jaguar is a Star Car

A 1971 Jaguar E-Type, with just 32,000 miles from new is one of the star cars in the Charterhouse auction of classic and vintage cars on Wednesday 12th September.

“The Jaguar E-Type made its debut in 1961 and was an instant success with its sleek and stylish design, 0-60 mph time in under 7 seconds and 150 mph top speed,” Commented Matthew Whitney. “The car was commented by Enzo Ferrari as being the most beautiful car in the world. Buyers queued up to own an E-Type with stars including Bridgette Bardot, Steve McQueen and Tony Curtis all being proud drivers of their E-Types.”

The Jaguar E-Type going under the Charterhouse hammer is a Series III 2+2 coupe from 1971. It has survived in an amazing condition having always been cherished and fastidiously maintained. It has been used sparingly for the past 27 years, having covered an average of just 680 miles each year and still presents itself the same as the day it left the factory.
