

## Amazing American Cars at Auction

Four vintage American cars, dating from the 1920's are looking for new garages in the Charterhouse specialist auction of vintage and classic cars on **9<sup>th</sup> March**.

“To say these are imposing cars is probably an understatement,” commented Richard Bromell. “They are all ready to be enjoyed or possibly even as a business as they are perfect for use as wedding, prom or TV hire cars.”

All four cars, a 1924 Buick, a 1927 Packard, a 1928 Packard and a 1929 Cadillac, come to the Charterhouse auction from a West Country deceased estate. They have all been cherished, are well maintained, are all on the button and each car is estimated at £10,000-£15,000.

**1929 Cadillac Town Car, from a West County deceased estate.**

Charterhouse are now accepting further entries for this **9<sup>th</sup> March classic and vintage car auction** at the prestigious Haynes International Motor Museum and their 30<sup>th</sup> March auction of classic and vintage motorcycles.
